Einstein Stiftung Berlin
Einstein Foundation Berlin

The Einstein Foundation Berlin was founded in 2009 by the State of Berlin. The Foundation aims to promote science and research of top international calibre in Berlin and to establish the city as a centre of scientific excellence. An independent scientific commission of the highest standard selects projects for funding.

Aims

- To promote excellent cross-institutional research projects in Berlin.
- To raise the visibility of Berlin as a centre of research excellence.
- To enable new forms of cooperation between universities and non-university research institutions.
- To evaluate new fields of research, to give strategic advice on identifying focuses of future research.
- To encourage top international scientists to collaborate with Berlin institutions.
