

NEUROIMMUNOLOGICAL COLLOQUIUM @ AG Paul

Mondays at 14:00h

Charité Mitte Campus – Universitätsmedizin Berlin
Ferdinand Sauerbruch Hörsaal 4, Hufelandweg 6

October 17 th	Alexander Brandt, MD NeuroCure Clinical Research Center, Charité – Universitätsmedizin Berlin <i>Imaging Autoimmunity in the Central Nervous System</i>
October 24 th	Charles Guttman, MD Center for Neurological Imaging, Harvard Medical School, Boston USA <i>International Platform for MRI Data Sharing</i>
November 7 th	Tanja Schmitz-Hübsch, MD Department of Neurology, Charité – Universitätsmedizin Berlin <i>Motor Function of the Upper Limb: KINECT in Multiple Sclerosis</i>
November 14 th	Martina Minnerop, MD Institute for Neuroscience and Medicine, Jülich Germany <i>MR Morphometry in Cerebellar Ataxia</i>
November 21 th	Doktorand Lunch Series Julian Pohlan, Niesner Lab Laura Pastura, Paul Lab Bimala Malla, Infante-Duarte Lab
November 28 th	Klemens Ruprecht, MD Department of Neurology, Charité – Universitätsmedizin Berlin <i>Autoimmune Diseases of the CNS: Differential Diagnosis</i>
December 5 th	Helena Radbruch, MD Department of Neuropathology, Charité – Universitätsmedizin Berlin <i>Role of B Cells and Antibody Producing Cells in Chronic Neuroinflammation</i>
December 12 th	Michael Hoffmann, MD University Eye Clinic, Otto von Guericke University, Magdeburg Germany <i>Electrophysiology of Visual Dysfunction</i>
January 9 th	Velina Chavarro NeuroCure Clinical Research Center, Charité – Universitätsmedizin Berlin <i>Cognitive Function in Demyelinating Diseases</i>
January 16 th	Doktorand Lunch Series Silvina Romero, Infante-Duarte Lab Frederike Oertel, Paul Lab Karolin Pollok, Radbruch Lab
January 23 rd	Volker Siffrin, MD Max-Delbrück-Centrum for Molecular Medicine, Berlin <i>Introduction to Basic Science – Neuroimmunology</i>
January 30 th	Friedemann Paul, MD Department of Neurology, Charité – Universitätsmedizin Berlin <i>Pitfalls of Translational Research in Neuroimmunology – from Animal Models to Clinical Studies</i>
